

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

SB 614 - HB 1313

February 10, 2023

SUMMARY OF BILL AS AMENDED (003729): Requires hospitals that have a certification from a department-approved, nationally recognized certifying body recognizing the hospital as capable of providing neuroendovascular treatment to report data quarterly on the treatment of individuals with confirmed stroke to the East Tennessee State University (ETSU) College of Public Health.

FISCAL IMPACT OF BILL AS AMENDED:

NOT SIGNIFICANT

Assumptions for the bill as amended:

- Under current law, comprehensive stroke centers, primary stroke centers are required to, and all other hospitals are encouraged to report data on the treatment of individuals with confirmed stroke to the ETSU College of Public Health.
- The proposed legislation would require, rather than encourage, hospitals with a national neuroendovascular treatment certification, to report such data. All other hospitals remain encouraged to report such data.
- The proposed legislation will not have a significant impact on the policies or procedures of the Department of Health; therefore, any fiscal impact is estimated to be not significant.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink that reads "Krista Lee Carsner".
